Masterplan

External specification

Natural Jura Beige Limestone cladding, each stone selected to strict quality standards, set in precast concrete panels

Buff coloured reconstituted stone precast cladding panels with rusticated joints to complement the limestone

The top floor is clad in natural zinc vertical cassettes

The roof is a zinc finish

Fully glazed curved feature façades using efficient aluminium curtain wall systems with sliding doors and Juliet balconies

Aluminium windows and sliding doors with glass Juliet balconies are elsewhere

High quality stainless steel balustrading to terraces and gardens

In some locations the stone façades are punctuated by feature elevations comprised of folded aluminium frames with a mixture of granite and glazed infill panels
